RETRO IST NICHT NUR EIN TREND, SONDERN EIN LIFESTYLE!

Wir erleben aktuell spannende Zeiten, daher war unser Motto **»WE LOVE RETRO«** noch nie so zutreffend. Studien im Bereich Konsumverhalten zeigen regelmäßig, dass Verbraucherinnen und Verbraucher in vermeintlich unsicheren Zeiten gerne auf Bewährtes zurückgreifen. Genau das finden Sie in der Kollektion von Nostalgic-Art: Charmante Retro-Motive, weltbekannte Marken mit langer Tradition, kreative Produkte und bewährte Verkaufskonzepte.

Als führender Hersteller hochwertiger Merchandising-Produkte aus Blech fühlen wir uns dazu verpflichtet, Ressourcen zu schonen, die Umwelt nachhaltig zu unterstützen und dabei stets die Kosten im Blick zu behalten. Die kurzen Transportwege unserer in Deutschland hergestellten Blechschilder, Thermometer und weiteren Artikel tragen erheblich zur Nachhaltigkeit bei. Zudem unterliegen alle unsere Zulieferer aus dem In- und Ausland strengen Prüf- und Zertifizierungsstandards. Dies gewährleistet nicht nur eine umweltfreundliche Produktion, sondern auch eine konsequente Einhaltung unserer hohen Qualitätsstandards bei gleichzeitig attraktivem Preis-Leistungsverhältnis.

Unsere Produkte, darunter liebevoll gestaltete Blechschilder, Tassen, Dosen und weitere Retro-Artikel aus Berlin, haben längst die Herzen von Menschen in über 50 Ländern erobert. In diesem Katalog präsentieren wir erneut beeindruckende Designs exklusiver und bekannter Marken – genau das macht die Nostalgic-Art Kollektion so einzigartig und zukunftsweisend.

RETRO IS NOT A TREND, IT'S A LIFESTYLE

We are currently experiencing exciting times, which is why our motto **»WE LOVE RETRO«** has never been more appropriate. Studies in the field of consumer behaviour show regularly that consumers like to fall back on the tried and tested in supposedly uncertain times. This is exactly what you will find in the Nostalgic-Art collection: charming retro motifs, world-famous brands with a long tradition, creative products, and proven sales concepts.

As a leading manufacturer of high-quality merchandising products made of sheet metal, we are committed to conserving resources, supporting the environment in a sustainable way, and always keeping an eye on costs. The short transportation routes of our tin signs, thermometers and other items manufactured in Germany make a significant contribution to sustainability. In addition, all our suppliers from Germany and abroad are subject to strict testing and certification standards. This not only ensures environmentally friendly production, but also consistent compliance with our high quality standards at an attractive price-performance ratio.

Our products, including lovingly designed tin signs, mugs, tin boxes and other retro items from Berlin, have long since won the hearts of people in over 50 countries. In this catalogue, we once again present impressive designs from exclusive and well-known brands – this is exactly what makes the Nostalgic-Art collection so unique and trendsetting.

Highlight SUNNY AWARD

NOSTALGIC-ART GEWINNT NACHHALTIGKEITSWETTBEWERB

Nachhaltigkeit ist ein zentraler Bestandteil unserer Unternehmensphilosophie und dieses Engagement ist „ausgezeichnet“:

Die denkmalgeschützte „**Kanonenhalle**“ auf dem historischen Borsiggelände, Hauptsitz von Nostalgic-Art, gewann den ersten Platz beim „**Architekturwettbewerb Denkmalgerechte Solarprojekte Berlin**“. Diese Auszeichnung des Landes Berlin würdigt unsere innovative Solaranlage, die Tradition und moderne Technologie vereint.

Gemeinsam mit unseren Partnern und Ihnen möchten wir weiterhin daran arbeiten, Umweltbewusstsein, Innovation und Qualität zu vereinen.

NOSTALGIC-ART WINS SUSTAINABILITY COMPETITION

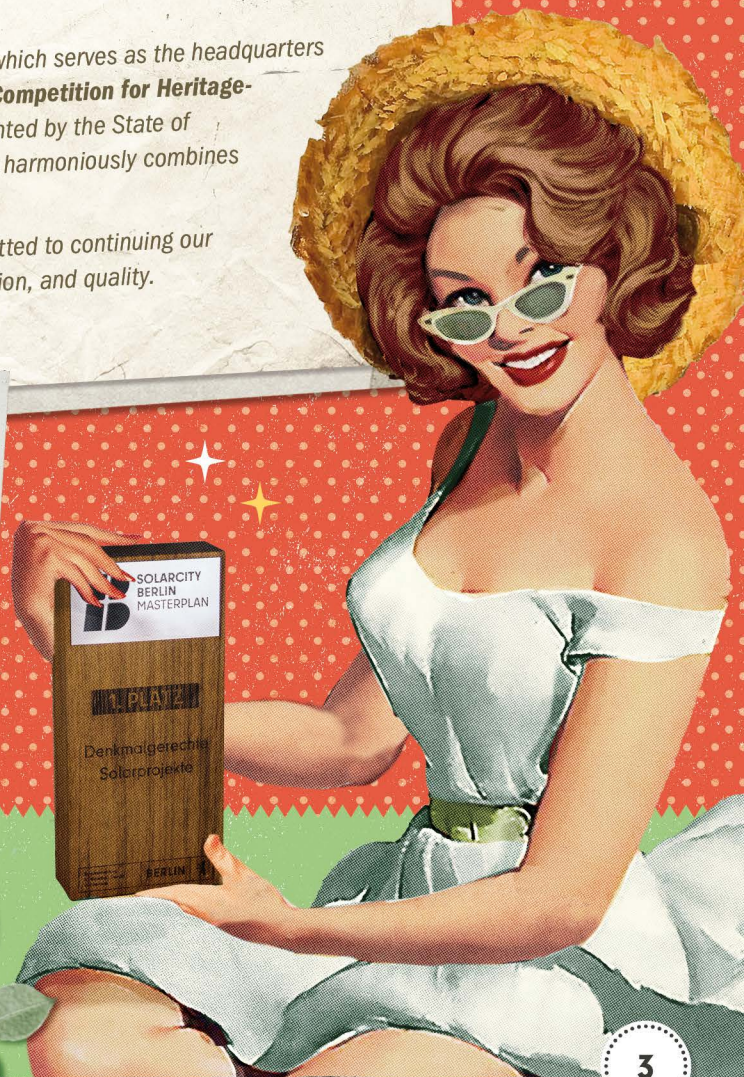

Sustainability is a core component of our corporate philosophy, and this commitment has been officially "recognized":

The listed "**Kanonenhalle**" on the historic Borsig site, which serves as the headquarters of Nostalgic-Art, won first place in the "**Architectural Competition for Heritage-Compatible Solar Projects Berlin**". This award, presented by the State of Berlin, recognizes our innovative solar installation that harmoniously combines tradition with modern technology.
